## PROFILE

I am a Frontend developer with experience and skill in web design and UI/UX development.

With high ability in HTML, CSS, Bootstrap, Sass, JavaScript, Jquery, Ajax, Typescript, Reactjs, Nextjs, State Manegments, Mongoddb Database and..., I can create dynamic and attractive user interface.

In addition, by using popular JavaScript libraries and frameworks such as Reactjs and Nextjs and JavaScript packages, I have been able to develop projects with high speed and quality.

The ability to communicate effectively with the team as well as the ability to solve complex problems are also among my other characteristics.
